Introduction

Diversity Technology Training Institute was established in 2015 in terms of the Department of Education act and the skills Development act 97 of 1998. Diversity Technology Training Institute started as the Machine Operator and Computer Training Center. Today we have expanded and we train various courses accredited with numerous SETAs which are TETA, CETA, MQA and Merseta. The institution is registered with the Department of Education as a Private Training Provider. It is also aligning itself to the Quality Council on Trades and Occupations (QCTO)

Vision

To be world-class leader training provider specializes in the training and continued development of operators who are looking to learn how to operate various types of machinery for use in the earthmoving industry.

Mission

To provide quality education, training and development in accordance with the prescribed criteria of the South African Skills Development Strategy.

Values

The organization supports and promotes all professional business ethics that reflects:

- Honesty
- Ethical free –market business principles
- Fair, open and Democratic communication principles
